Shur-grip tubing's textured surface offers a positive grip and is resistant to scratching. It has a "closed" surface as compared to peened or knurled tubing making it less prone to pitting corrosion and much easier to clean and disinfect. The result is reduced fear of bacterial growth and a safer environment.

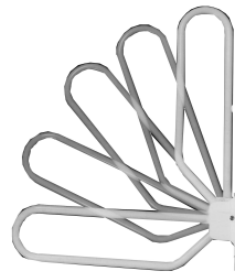

SHUR-GRIP STAINLESS STEEL 1-1/4" DIAMETER with twist lock concealed flanges

Item	1520SGC	1530SGC	1540SGC	1550SGC	1560SGC	1570SGC	1580SGC
